

Duc M Nguyen

Education

- 2022- **PhD in Neuroscience**, *New York University*.
 - Advisor: Dr. Paul Glimcher
- 2015-2019 **BA in Psychology**, *University of California, Berkeley*.
 - Graduation with *Highest Honors* and *High Distinction*
 - Thesis title: Role of Compassion in Decision-making
 - Advisors: Dr. Dacher Keltner and Joseph Ocampo

Experiences

- 2022- **Graduate student researcher**, *Neuroeconomics lab, NYU Langone School of Medicine*.
 - PI: Dr. Paul Glimcher
 - Investigate the neural representation of the decisional reference point in value-based decision-making
- 2020-2022 **Postbac trainee**, *Spatial navigation and Memory Unit, NINDS, NIH*.
 - PI: Dr. Yi Gu
 - Investigate the neural representation of multimodal information during navigation
- 2018-2019 **Undergraduate Research Assistant**, *Berkeley Social Interaction lab, UC Berkeley*.
 - PI: Dr. Dacher Keltner; Mentored by Graduate student Joseph Ocampo
 - Investigate the role of emotions in value-based decision making
- 2019-2019 **Undergraduate Research Assistant**, *Center for Human Sleep Science, UC Berkeley*.
 - PI: Dr. Matthew Walker
 - Investigate the effect of sleep deprivation

Publications

Preprint / in preparation.

- Dopamine supports adaptive time allocation under stochasticity in rats

Presentations

[T]: Talk; [P]: Poster

- 2025 [T] Nguyen D., Rich ER, Wallis JD, Louie K, Glimcher PW: Neuronal representation of the decisional reference point in monkeys. Presented at the NYU group meeting.
- 2024 [T] Nguyen D., Rich ER, Wallis JD, Louie K, Glimcher PW: Neuronal representation of the decisional reference point in monkeys. Presented at the Society for Neuroeconomics meeting
[P] Nguyen D., Rich ER, Wallis JD, Louie K, Glimcher PW: Neuronal representation of the decisional reference point in monkeys. Presented at the Society of Neuroscience
- 2023 [P] Nguyen D., Wang G. & Gu Y.: "Different maps for auditory and visual spatial information in the microcircuit of the medial entorhinal cortex". Presented at the Society of Neuroscience
- 2021 [P] Nguyen D. & Gu Y.: "Spatial Navigation using Auditory Cues in head-fixed mice". Presented at the NIH Postbac Poster Day
- 2019 [T] Nguyen D., Ocampo J., & Keltner D.: Role of Compassion in Decision Making. Presented at the 2019 UC Berkeley SURF Conference.
[P] Nguyen D., Ocampo J., & Keltner D.: Role of Compassion in Decision Making. Presented at the 2019 Annual Psychology Department Poster Session.

Fellowships

- 2025-26 T90DA059110 Training grant
- 2024-25 5T32MH019524-32 Training grant
- 2019 Summer Undergraduate Research Fellowship (Berkeley SURF)

Skills

- Data analysis MATLAB | R | Python
- Experimental tools Psychtoolbox | PsychoPy | VirMEn | Qualtrics | Amazon MTurk
- Neurorecording 2-photon calcium imaging | EEG
- Animal work Experience with behavioral training in rodents and non-human primates within laboratory settings; neural recording in rodents within laboratory settings
